

**ALMÀSSERA (The Northern “Huerta”)**  
**L’Horta Didàctica. Museu de l’Horta (The Didactic “Huerta”. Museum of the “Huerta” – fertile region of Valencia)**

Participating institutions: Town Council of Almàssera  
Directorate General of Territory and Landscape  
Museu Valencià d’Etnologia (Valencian Museum of Ethnology)

A series of activities and workshops are carried out at the facilities of the Museu de l’Horta of Almàssera, whose aim is to inform about the cultural, environmental, social and economic values of the “huerta” or fertile region of Valencia. The workshops are mainly designed for groups of school children, although they also cater for other types of groups. The offer includes a visit to the museum exhibition, practical activities in the fields and in the classroom as well as guided tours through the fertile region that surrounds the museum. On the other hand, the project to remodel the permanent exhibition of the Museu de l’Horta is being prepared.
